Welcome

Despite what the average teenager may say they want to impress their parents and they want their parents to be interested in what they are doing.

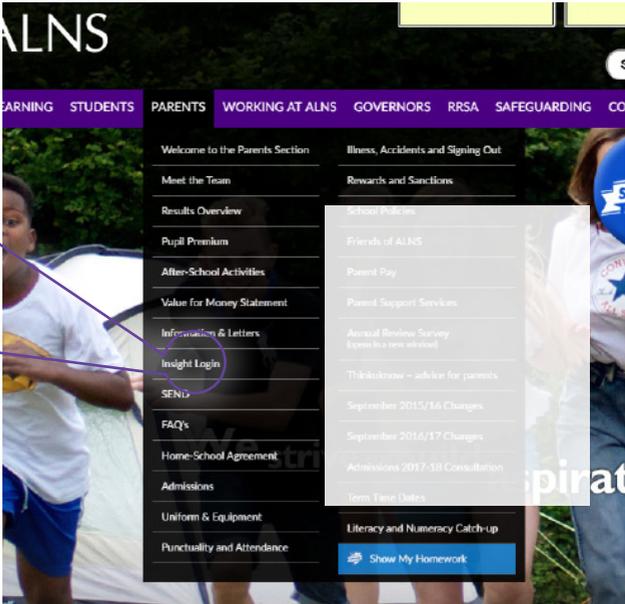

We use ongoing, online reporting to keep you fully informed on how your child is doing, so you have all the information at your finger tips so that you can actively support your child.

You won't have to wait until you receive a report or for a parents evening to find out how your child is doing at school. You will now have access to up to date information whenever you want, literally a report whenever you wish.

All this will be available via a secure website so you can access this from anywhere that you have internet access.

The aim of this booklet is to give you a brief idea of what is available via this website.

To access this website, simply go to alns.co.uk and click on 'Parents' and then follow the 'Insight Login' link.

A brief overview of how your child is doing with rewards and sanctions.

Attendance

With the different options on the side menu you can look at attendance at school and even in each lesson. This might help you identify if your child is missing a particular lesson often and could be falling behind.

Achievement

You can find details of all the Rewards and Sanctions here so you can find out at any time what sort of day your child has had.

Instead of ‘How was school today?’ you could be starting the conversation with ‘well done in French today.’
